Resume Review Template

1. Executive Summary

[Write 2–3 sentences summarizing the resume's overall impression and its alignment with the target role, if provided.]

2. Strengths

- [Strength 1]
- [Strength 2]
- [Strength 3, if applicable]

3. Core Areas of Improvement

Header and Contact Information

[Suggest improvements to clarity and professional presentation. Avoid unnecessarily repeating personal contact details.]

Professional Summary

[Identify vague statements, unnecessary wording, and opportunities to highlight relevant experience.]

Work Experience

[Review bullet points for clarity, action verbs, relevance, and evidence of impact.]

Education

[Check consistency and presentation of degrees, institutions, and dates. Do not assume missing details.]

Skills

[Identify relevant skills already present and suggest job-related keywords supported by the candidate's actual experience.]

Projects and Certifications

[Review relevance, clarity, and consistency. Never invent projects or certifications.]

4. STAR Bullet Point Conversions (Before vs. After)

Before — Original Bullet	After — Improved Bullet	Rationale
[Paste original bullet]	[Rewrite beginning with a strong active verb, using only verified information]	[Explain the improvement and any missing STAR details]

STAR reminder:

- Situation: What was the context?
- Task: What needed to be done?
- Action: What did the candidate do?
- Result: What changed or was achieved?

If any STAR information is missing, ask the candidate for it or use a clearly marked placeholder. Do not invent results or metrics.

5. ATS Optimization Tips

- **Formatting:** [Identify potential issues such as columns, graphics, tables, or images.]
- **Section headings:** [Suggest clear, conventional headings.]
- **Keywords:** [Suggest relevant keywords based on the target role or supplied job description.]
- **Readability:** [Identify unclear wording or inconsistent formatting.]

6. Missing Information and Limitations

[List any information needed for a more accurate review. State when the file's formatting or text could not be fully assessed.]

7. Recommended Next Steps

[List the most important resume improvements in priority order.]
